Important

This map was produced on the GEOCENTRIC DATUM OF AUSTRALIA 1994 (GDA94), which has superseded the Australian Geodetic Datum of 1984 (AGD66/84). Heights are referenced to the Australian Height Datum (AHD). For most practical purposes GDA94 coordinates, and satellite derived (GPS) coordinates based on the World Geodetic Datum 1984 (WGS84), are the same.

True North, Grid North and Magnetic North are shown diagrammatically for the centre of the Narrabri Local Government Area. Magnetic North is correct for 2001, moving easterly by 0.04° in approximately five years.

Contour Interval: 2m
